

CRAFTster hand chain block

for loads from 250 up to 20,000 kg

- **Optimum use of space**

Compact design and optimum approach dimensions, handy for transportation to site of operation

- **Flexible usage**

Wide range of applications, independent to power supply, heavy duty model as option, heavy load and explosion proof version available

- **High safety in operation**

Robust industrial design, proven design, high quality interior parts

- **Gentle operation**

Low unit weight, chain nut with ball bearings as an option

Standard scope of delivery:

- ISO hook equipped with safety latch and inspection points
- 3 m lifting height
- Hand and load chain galvanized, made in Europe
- Epoxy powder coating, 70 µm
- Ambient temperature -20°C up to +40°C

Options:

- Push trolley or chain driven trolley
- Stainless steel chain
- Lifting heights higher than 3 m
- Epoxy powder coating, 200 µm
- Heavy duty model also for outdoor use up to 20,000 kg
- Explosion proof version 
- Beam clamp up to 5,000 kg
- Slipping clutch as overload protection

Hand chain block for loads from 250 up to 20,000 kg.
Optimum use of space, high safety in operation and
wide range of applications.

CRAFTster
